Description

Standing advertising – InfoStand poster stands

The InfoStand is an excellent choice for all your standing advertising.

Simple, easy to assemble, robust and stable – it is easy to see why these poster display stands have become popular in a wide range of settings from retail to hospitality to education providers!

- A2 InfoStand is 1.5m tall.
- A1 InfoStand is 1.7m tall.
- Flat oval metal base with twin legs provides great stability
- Posters or display boards are easily slotted in from the top
- Includes poster cover sheets and an opaque divider for double-sided displays
- Classic silver finish – a contemporary black finish version is also available

- Easy assembly

The InfoStand poster holder stand is a real eye-catcher and is great value – the ease with which you can change your posters or display boards mean you will use your stand time after time. Use for promoting special offers, highlighting sales deals or to provide essential information.

Note: a landscape option is not available for this product – the A1 and A2 top-loading frames are intended for portrait posters and printed display boards.

More Information

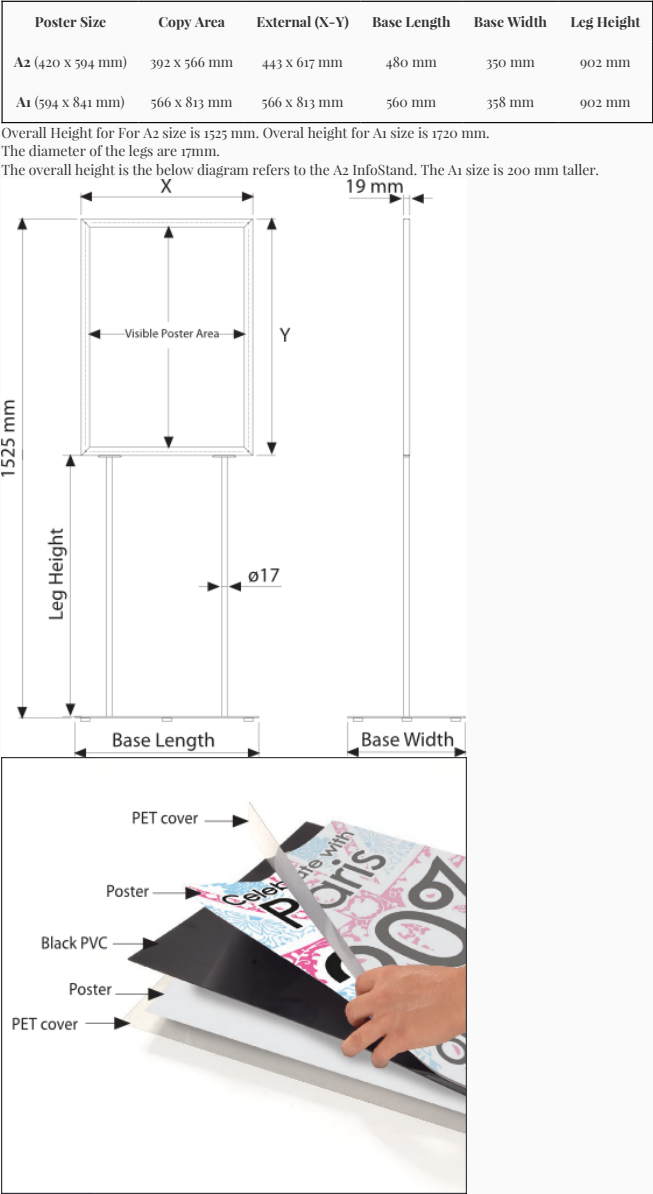

Poster holder stands for promotions and information displays
Use the InfoStand poster holder stand for promotions and information displays that are sure to catch your audience's eye.

- Display posters single-sided with poster protector and foam-backed board
- Display posters double-sided with poster protectors and a divider to stop print show-through
- Display rigid sign boards 2mm, 3mm or 4mm thick without backing sheets or poster protectors

Poster stand specification
The silver InfoStand has an oval shape heavy steel base and twin tubular steel legs. The poster frame is made of aluminium and finished in silver. The frame has a poster entry slot at the top. You can drop in two posters on either side of the supplied backing sheet, i.e. one facing each way. Or you can insert a double-sided printed display board up to 4mm thick (discarding the supplied backing sheet). Either way, you get two clear plastic poster cover sheets that serve to protect your posters.

The tubes which join the base to the underside of the frame are assembled quickly to create a strong poster stand.
