

Pinch clamp top closure

Product Images

Description

Pinch clamps for use with the Pressto premium floor stands

When Pressto bases are to be used with a pair of glass or clear acrylic panels with a poster sandwiched in between, a clamp is needed to secure the panels together at the top

The Pinch Clamp offers a neat finishing touch. An allen key is required to adjust to the correct thickness and to nip up tight. They are sold single but normally used in pairs.

Additional Information
