## Description

---

### **Silverline restaurant table sign holders**

These attractive silver A4 restaurant table sign holders frames are supplied with upright or angled tabletop feet which snap onto the edge of the frame. The frame has a slot on the short side to insert a printed A4 sign, information notice or point-of-sale (POS). Reusable poster protectors are included plus a stiff backing sheet to go behind your print.

Silverline frames have a special matt silver finish making them a premium changeable A4 frame for prestige displays. They look stylish and suit a contemporary or high-quality decor. They look smart anywhere from upmarket garden furniture display showrooms through to hotel reception desks.

### **Benefits of Silverline A4 tabletop frames**

The frames are made of virtually unbreakable ABS plastic with a silvery coating applied by a special process. Like our other Slim Frames in the standard colour options, these Silverline frames offer the following benefits:

- Compared with acrylic tabletop POS holders which can break when accidentally knocked off onto a hard floor, these frames are highly resistant to accidental damage.
- Three types of printed A4 signs or point-of-sale can be displayed: plain paper (true A4), laminated paper

(oversize A4) or printed A4 display board up to 4mm thick.

- The feet which clip onto the rim of the frame are supplied in upright and angled styles and can be fitted/detached to suit portrait or landscape display.
- If you want a double-sided display, choose the upright feet option with poster protectors for both sides.

## Additional Information

|                        |   |
|------------------------|---|
| More Information       | <p><b>Using laminated paper prints?</b> Silverline Slim frames also suit paper notices encapsulated in a laminating pouch. In this case it is not necessary to use the poster cover sheets which are included in this set.</p> <p><b>Displaying a rigid printed board?</b> In this case the supplied backing sheet can be set aside to make space for something thicker than paper.</p>   |
