- Choice of A4, A5, or DL (one third A4 size) leaflet dispensers
- Excellent capacity tradeshow literature rack

Product Images

4-Sided brochure display rack

The **4-sided brochure display rack** offers an economical, practical and attractive way to display 20 different A4 or A5 brochures or catalogues. There is also a model for 40 DL leaflets on a single floor stand. It is substantial and presents a higher quality finish than most wire brochure stands.

The easy-assembly multi-sided stand forms the chassis onto which the 20 individual clear plastic leaflet dispensers are quickly attached. These are generously sized to take a few fat catalogues or a stack of A4 brochures (33mm internal brochure capacity).

- Multi-side brochure rack is free-standing and suitable for many locations and applications.
- The static tower brochure stand offers all-around access to brochures and catalogues. This model does not rotate.
- Fits **20 different A4 or A5 brochures** - or double-up to ensure the right catalogue is visible irrespective of which side visitors approach the brochure rack.
- A model supplied with different pockets can be used for displaying DL leaflets or 3-fold flyers - allowing a total of **40 DL brochures** to be displayed.

More Information	<div><div><div>Mixed size brochure stand</div><div>Freestanding display rack suits A4 or 1/3A4</div></div><div><p>The stand is supplied complete with 20 clip-on rigid plastic brochure pockets. These are either A4 size or A5 size.</p><p>To order an all-round brochure rack for DL or 1/3A4 size we supply 20 pockets which each hold 2x1/3rd A4 - making a total capacity of 40 pockets.</p><p>For a single unit with mixed size pockets please call. All 5 pockets on one 'face' have to be the same size.</p></div></div>
