Description

Rustic wood framed chalkboards 60 x 91cm

These rustic framed chalkboards are absolutely lovely – the natural wood gives a beautiful finish whether you choose the grey – which we think would look great as a wedding, event or party board – or the brown, which is perfect as a daily specials board. Both chalkboards are similar in size to an A1 poster and are light enough to hang from a standard picture hook. The rustic chalkboards also look great placed on an easel for a floor-standing display.

- 60 x 91cm size suitable for a restaurant specials board
- The rustic style natural wood frames are fashionable and attractive
- Ideal for use with our range of liquid chalk pens or stick chalk
- Two styles available – grey with an arched top or brown traditional frame
