Description

Simple wooden easel for display boards

This simple wooden display easel is a great way to present display boards, artwork or mounted photographs. The versatile wooden display easel can be used for exhibitions, in any retail entrance or hospitality space.

The floor-standing wooden easel is made from dark stained pine sourced from sustainably managed forests. This simple but well-made easel stand can be used to present a picture or painting, a printed graphic panel, a rigid felt

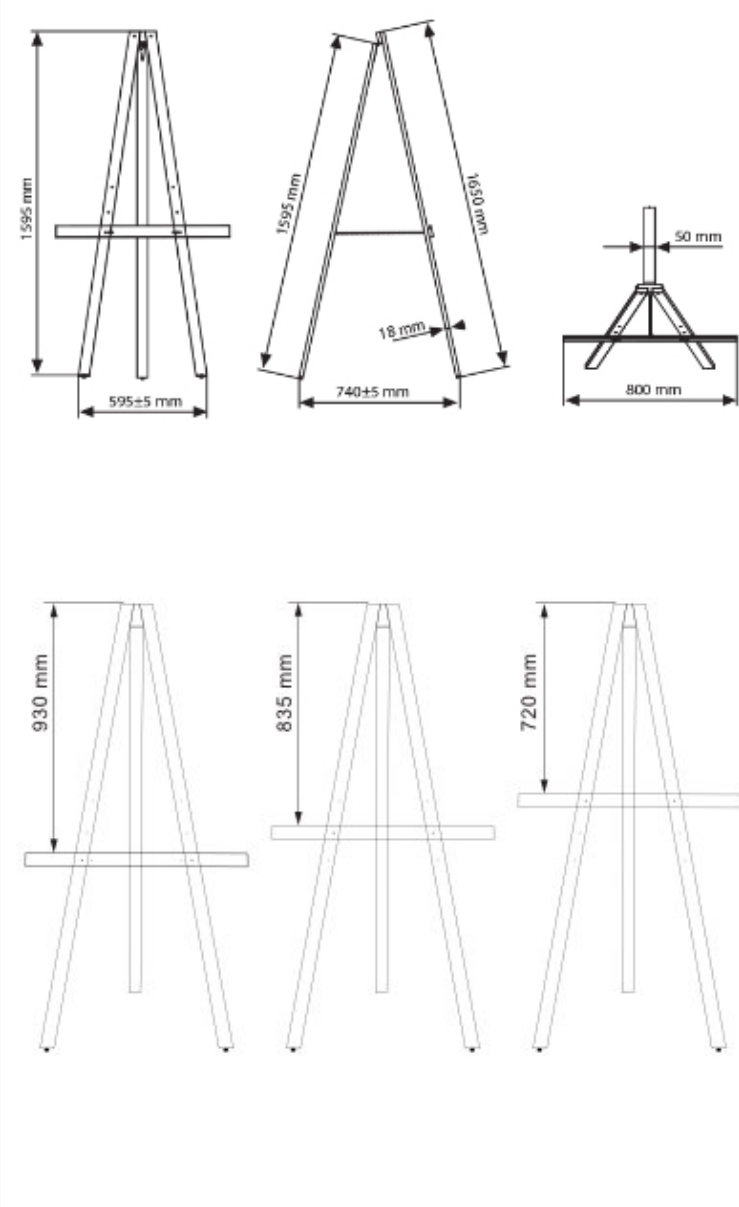

display board or a blackboard.

- Floor-standing wooden easel
- 3 different display heights to suit the size of your board
- Sturdy A-frame design
- Lip feature for placing your board or artwork
- Displays portrait or landscape
- Folds up for easy storage
- Made from pine wood sourced from sustainably managed forests
- Fast and easy assembly

Our display easels suit all kinds of display boards

The simple display easel can be used with a wide range of display board and look great in a variety of settings. Use for point of sale promotional displays in shops, restaurants, hotels and bars or to present information in schools, colleges, offices and exhibitions. You can even use easel in your home to make a feature of a favourite artwork! The easel requires assembly.

The height of this simple display easel is 159cm.
The display board can be adjusted using 3 height settings.

- Assembly is straight-forward: the easy 4 bolt assembly does not require any tools and full instructions are included.
