ml

- Takes graphics and information inserts of up to 6 mm thickness
- Sturdy and durable – and with weatherproof posters can be used outdoors too
- The weighted base is 6kg ensuring your stand remains stable

## **Versatile display options**

The beauty of this stand is in its versatility! You can set your display to portrait *or* landscape, so there is no need to compromise on your presentation style. The frame is very easy to use as you simply slot-in your graphics ... changing your messages and information couldn't be easier.

## **Use single or double-sided**

The frame has been designed to take two standard posters back-to-back, with a divider to ensure no 'bleed through' of images, or a double sided rigid printed board. The stand and base have also been made with robust and durable materials so you can be confident that your poster stand will be safe in any number of environments. With all these options, it's no wonder this is such a perfect advertising and information solution for all kinds of spaces - from museums and galleries to shops and theatres.

More Information	<p><b>Suitable applications for double-sided stand</b></p> <p>Double-sided poster board stand is perfect for use indoors with printed paper posters or lightweight foamboard inserts up to 6 mm thick. When displaying posters, the clear plastic cover sheets provide protection from finger marks and dust. They do not offer protection against rain.</p> <p>The stands may also be used outdoors with the following limitations:</p> <ul style="list-style-type: none"><li>• Posters should be printed on waterproof material or use a direct-printed display-board or alternative weather-resistant substrate.</li><li>• A2 size is generally stable in medium exposure outdoor situations but not in strong wind.</li><li>• A1 size should be confined to more sheltered locations to prevent possible toppling over due to wind force or strong gusts</li><li>• Both models are portable and can be carried indoors with relative ease.</li></ul>
Product Dimensions	<p>Maximum poster thickness is 1 mm with protectors and divider</p> <p>Rigid poster board maximum thickness is 6mm without protectors and divider</p> <p>A2 stand and frame height is 1560mm and weighs 9.2 kg approx.</p> <p>A1 stand and frame height is 1808mm and weighs 9.8 kg approx.</p>
Assembly and Installation	<p>During assembly, the frame can be positioned either portrait or landscape as mounting holes are provided to suit both orientations. The frame can subsequently be de-mounted and re-fixed in the opposite orientation.</p> <p>Double-sided poster stand is easy to assemble, as shown in the video below.</p>
Delivery and Returns	<ul style="list-style-type: none"><li>• We offer a choice of delivery options tailored to the goods selected and your location, calculated for you automatically in the Checkout. When feasible, you will be offered options for Free, Economy or Next Day delivery.</li><li>• Any product returned by the purchaser must be unused and in its original packaging, which should be unmarked. If goods are received damaged or faulty we will take care of the problem.</li><li>• For detailed information about Delivery charges or Returns and refund policies, please click on the links below.</li></ul>
