## Description

### Fully adjustable illuminated floor stand

Fully adjustable in height and angle, our Lumi Flexi floor stand sports an LED lit poster frame mounted on a high quality free-standing pedestal.

- This silver sign stand can be infinitely adjusted in height (up to 1250mm high). It is an illuminated version of our [Presenta Flexi menuboard](#).
- Back-lit snap frame (in A3 or A4 size) can be adjusted from landscape to portrait at the turn of a knob - with the reading angle also fully adjustable to suit your application.
- Bright LED light source built into the frame provides even rear illumination to light up your transparency

or digitally printed menu (back-lit film or thinner poster paper provides best results).

- Power consumption of LED lighting is very low making this an illuminated menu board which is economical to run.
- Changing menus or signs is easy with front loading snap frame design.
- Intended for indoor use, the Lumi Flexi is supplied with its own low voltage mains transformer within a 13A plug - just plug in and turn on to see your brightly lit message.

## Additional Information

### More Information

#### LED box is a really neat poster frame

LED edge-lighting allows the Lumi Flexi to have an incredibly thin appearance contributing to the elegant design.

LED is also an energy saving method of creating a lighted menu board, with the added benefit of a long service life.

The product has been fully safety tested and each unit is supplied with an electrical test certificate.

The poster frame is not waterproof and should be kept dry. However as it runs on low voltage the product is perfectly safe in normal use.

### Product Dimensions

#### Height of Lumiflexi

Lumiflexi illuminated poster stand is height adjustable. The overall height depends on whether the illuminated poster frame is turned portrait or landscape.

The maximum and minimum overall heights are as follows:

Product Code	Max Height	Min Height	Poster Size	Base Length	Base Width
LUMIFLE XLA4	1250mm (Portrait) 1205mm (Landscape)	910mm (Portrait) 865mm (Landscape)	210x297mm	330mm	250mm
LUMIFLE XLA3	1310mm (Portrait) 1250mm (Landscape)	910mm (Portrait) 910mm (Landscape)	297x420mm	420mm	300mm

### Delivery and Returns

- We offer a choice of delivery options tailored to the goods selected and your location, calculated for you automatically in the Checkout. When feasible, you will be offered options for Free, Economy or Next Day delivery.
- Any product returned by the purchaser must be unused and in its original packaging, which should be unmarked. If goods are received damaged or faulty we will take care of the problem.
