### Safety Data Sheets for Hazardous Chemicals Information Sheet

July 2002

Safety data sheets provide critical information on chemicals, including their hazard classification, physical and chemical properties, and safe handling and use. They are a key part of the chemical safety management system and are required by law for all hazardous chemicals in the workplace.

The Safety Data Sheet must provide information on:

- 1. Identification
- 2. Hazard identification
- 3. Composition/information on ingredients
- 4. First aid measures
- 5. Fire-fighting measures
- 6. Accidental release measures
- 7. Handling and storage
- 8. Exposure controls/personal protection
- 9. Physical and chemical properties
- 10. Stability and reactivity
- 11. Toxicological information
- 12. Ecological information
- 13. Other information

Safety Data Sheets must be provided for:

- 1. All hazardous chemicals used in the workplace
- 2. All hazardous chemicals used in the laboratory
- 3. All hazardous chemicals used in the workshop
- 4. All hazardous chemicals used in the store
- 5. All hazardous chemicals used in the transport
- 6. All hazardous chemicals used in the disposal
- 7. All hazardous chemicals used in the research
- 8. All hazardous chemicals used in the development
- 9. All hazardous chemicals used in the production
- 10. All hazardous chemicals used in the distribution
- 11. All hazardous chemicals used in the use
- 12. All hazardous chemicals used in the disposal
- 13. All hazardous chemicals used in the research
- 14. All hazardous chemicals used in the development
- 15. All hazardous chemicals used in the production
- 16. All hazardous chemicals used in the distribution
- 17. All hazardous chemicals used in the use
- 18. All hazardous chemicals used in the disposal
- 19. All hazardous chemicals used in the research
- 20. All hazardous chemicals used in the development
- 21. All hazardous chemicals used in the production
- 22. All hazardous chemicals used in the distribution
- 23. All hazardous chemicals used in the use
- 24. All hazardous chemicals used in the disposal
- 25. All hazardous chemicals used in the research
- 26. All hazardous chemicals used in the development
- 27. All hazardous chemicals used in the production
- 28. All hazardous chemicals used in the distribution
- 29. All hazardous chemicals used in the use
- 30. All hazardous chemicals used in the disposal

**A Safety Data Sheet must be:**

- 1. Accurate and up-to-date
- 2. Available to all employees
- 3. Available in the language of the worker
- 4. Available in the language of the user
- 5. Available in the language of the user
- 6. Available in the language of the user
- 7. Available in the language of the user
- 8. Available in the language of the user
- 9. Available in the language of the user
- 10. Available in the language of the user
- 11. Available in the language of the user
- 12. Available in the language of the user
- 13. Available in the language of the user
- 14. Available in the language of the user
- 15. Available in the language of the user
- 16. Available in the language of the user
- 17. Available in the language of the user
- 18. Available in the language of the user
- 19. Available in the language of the user
- 20. Available in the language of the user
- 21. Available in the language of the user
- 22. Available in the language of the user
- 23. Available in the language of the user
- 24. Available in the language of the user
- 25. Available in the language of the user
- 26. Available in the language of the user
- 27. Available in the language of the user
- 28. Available in the language of the user
- 29. Available in the language of the user
- 30. Available in the language of the user

## Description

---

### **Magnetic A4 document holders to attach to steel surfaces**

Magnetic document holders are an easy-to-use and versatile information display option. Use these magnetic display frames in a range of environments for all kinds of information - from classrooms and commercial kitchens to garages and warehouses, the frame sticks to any magnetic surface, just like a fridge magnet!

- Magnetic document display pocket to display an A4 print.

- Our best value-for-money magnetic document holder
- Perfect for displaying office signs and notices on filing cabinets or classroom signs on magnetic whiteboards.
- For any magnetic surface including fridges, freezers and similar white goods.
- Available in black, red, white and silver grey. The front is clear plastic.

Higher specification alternatives with wider borders and stripey designs are also available – perfect for safety and warning notices.

## **Electrical distribution board magnetic safety sign holders**

Magnetic A4 notice holders for electrical installation certificates and notices of modification. Used extensively by electrical contractors throughout the UK, these magnetic holders can be placed on the internal and external steel doors of an industrial distribution board. Notify personnel when circuits are under maintenance and when circuits are not to be switched off without notifying the right departments.

## **Industrial steel cabinet sign holders**

When you need a magnetic document holder for job sheets or steel cupboard contents lists these simple and economical magnetic holders are just the ticket. Looking for something with a little more impact? Sign-holders.co.uk are the specialist magnetic sign suppliers.

### Magnetic poster holders

The magnetic document holders featured in this page have a relatively narrow magnetic border. This is perfectly adequate for displaying a single sheet of paper at a time in a normal office environment or classroom. In cases where people could brush against the magnetic holders and potentially dislodge them - for example in a school corridor or industrial production environment - we suggest you consider a heavier duty version with a wider border (and therefore enhanced magnetic grip) but at a higher cost.. Alternatives are shown further down this page under the heading 'You may also be interested in' A4 Magnetic document holders are NOT adhesive - they only work on a magnetically receptive surface. They are intended for indoor use only.

#### More Information

#### Product Dimensions

Product Code	Poster Size	External Size
MP.A4	210X297MM	225X311mm

#### Delivery and Returns

- We offer a choice of delivery options tailored to the goods selected and your location, calculated for you automatically in the Checkout. When feasible, you will be offered options for Free, Economy or Next Day delivery.
- Any product returned by the purchaser must be unused and in its original packaging, which should be unmarked. If goods are received damaged or faulty we will take care of the problem.
