

Large window poster pocket holder

Short Description

- Clear semi-rigid plastic pocket sticks to windows with strong suckers
- Large window poster holders in sizes A3 to A1 for convenience stores etc.
- Including A1 poster pockets for shop windows

Product Images

Description

Window poster pockets with 4 suction cups

Ideal low-cost plastic poster mounts that attach to windows using PVC suckers for easy change retail posters, very popular with the convenience store chains and independent retailers.

- Tough yet lightweight PET plastic pockets, nearly as clear as acrylic at a fraction of the price.
- A1, A2 and A3 window poster mounts available

- Each pocket comprises two plastic sheets to protect your poster.
- 4 suction cups supplied with each window poster pocket - attach suckers to the inside of the shop window or onto internal glass screens.
- Easy-to-use 2-piece hinge style holder - no need to remove from window to change out your store promotions.
- Best suited for use with heavier weight posters but can be used short term with flimsier Symbol Group type posters.

N.B. The window must be clean before you stick the suction cups to it. To replace the poster lift the back pocket edge to release it from the top 2 suckers (the suction cups stay stuck to the window throughout) then hinge the pocket open.

Additional Information

More Information

These window poster mounts are made from PET which is a durable stiff plastic though not as rigid as acrylic. The plastic material is relatively thin and slightly milky compared with acrylic but when posters are viewed from a distance any imperfections in the plastic are not generally noticeable. Posters are sandwiched between two sheets of PET plastic - the two sheets comprise one poster mount. These PET sheets are supplied ready die-cut to work with the suckers. Care in use: Wipe clean or use a mild detergent to clean the window poster pockets. PET is resistant to sunlight but will eventually yellow - at which time the poster pockets may be replaced. While the suction cups (suckers) hold the poster pockets away from the glass it is possible that the larger size window mounts might come into contact with the glass. Any condensation blemishes can be wiped off the window mount during poster changeover.

Product Dimensions

Product Code	Poster Size	Copy Size	External Size	Weight
WPH.A3	297x420mm	297x420mm	347x470mm	1kg
WPH.A2	420x594mm	420x594mm	470x644mm	1.8kg
