### Plastic POS frames suitable for A2

These no-frills yet effective A2 plastic poster frames have a poster entry slot in the top edge. Made from extremely tough ABS plastic the A2 slim frame is designed to withstand the rough and tumble of outdoor retail, the slot is suitable for use with printed POS correx boards often supplied by manufacturers of outdoor products.

- A2 Slim frames feature round corners and are a deeper profile than our smaller A5, A4 & A3 [plastic frames](#). They fit A2 size paper or A2 sized printed boards up to 4mm thick.
- Frames are supplied without a backing sheet
- Wall fixings can be ordered using Series 200 fittings such as OEK.235S [wall clips](#) to screw-mount these A2 print frames we recommend 3 clips per frame.
- White A2 ABS plastic poster frames are now on special offer whilst stocks last.

### *Prefer other A2 frames?*

While these plastic frames are fine for budget applications you may prefer a better quality A2 frame. E.G. [A2 snap frames](#) offer superior styling at a modest extra cost, with fixings and cover sheet included.
